- As per the existing guidelines, only students of UG for IDP and students of PG for CAAST are considered for overseas internship program, who fulfil the criteria of prescribed CGPA Grading of 7.5. However, it has been observed that in many cases, students belonging to SC / ST category are not available with this prescribed CGPA Grading of 7.5 in some of the AUs. Therefore, it was proposed to relax the CGPA Grading to 7 from 7.5 for students of SC / ST. While addressing the issue, it is suggested that it should not be done as a blanket relaxation, but first of all, the concerned AU should locate the student of SC / ST as per prescribed norm of CGPA Grading 7.5, failing which, **the concerned AU must, after certifying that for maintaining social equity as per laid down Social Equity Plan, no SC / ST candidate is available with the prescribed norm of 7.5 CGPA Grading may send their proposal to PIU for approval for relaxation of such students who have CGPA Grading of 7 which may be considered.**
- To address the issue of allowing *fixed scholarship* rates to the students' visit to abroad, the Constituted Committee suggested that 50% of the amount prescribed in the DoPT Training Circular dated 9th January, 2019 for long visits (over a month, country specific) (Annexure-1) to a maximum limit of USD 1,500 per month may be given to the student as *fixed scholarship* rate as per country specified in the circular. Roughly, it comes to US\$ 50 per day as a ceiling. This prescribed rate may be scrupulously followed for all student training programmes / exposure visit / international internships. The new rates will replace all rates given in the earlier guidelines for students' visits. The payment of boarding and lodging was agreed by the Committee for those cases where the host University doesn't have boarding and lodging facility, and such cases must be individually approved by PIU on case to case basis. Host Institute / University must be paid directly for all incidental charges of boarding, lodging, transportation, etc. While addressing the issue of students' visit within the country, the host Institute / University within the country should be directly paid for meeting all incidental expenditure regarding boarding, lodging transportation, etc. For international training, students are required to pay scholarship individually, the proposal should come to PIU for approval.
- To address the issue of students' visit within the country, no *per diem* rates will be applicable and concerned AUs will pay directly to the concerned place of training / internship / exposure visit as per actuals. In case host institute denies the responsibility of boarding and lodging, then for paying individually to the visiting students, the proposal must come to PIU for approval as per ceiling of 50% daily allowances for officials within the country.

358956/2019/NAHEP

• While addressing the issue of bench fee charged by different Universities, the Committee suggested that all AUs should enter into an MOU with foreign Universities for sending student and faculty members for training, etc., in which they must emphasize for waiver of bench fee and in NAHEP training programmes for student and faculty members, no bench fee is admissible to be paid without the verification and scrutiny of PIU.

The payment of bench fee is acceptable only in deserving cases after the necessary verification and scrutiny by PIU.

Fees for getting J1 Visa to USA for two or more months training may be as decided by the US consulate from time to time.

SEVIS fees for J1 Visa may be the actuals incurred by the student for the purpose.

The programme expenses may include airport transfers in India and abroad and limited local visits abroad if related to the programme.

For short duration (maximum 1 week):

While addressing the issue of paying all faculty members as per MEA Circular dated 21st September, 2010 for short visits (less than a month, country specific), the Committee accepted the proposal, and also suggested that provision of air travel, exclusively in Air India, must be replaced with the latest GoI guidelines, especially for some routes where AI flights do not operate.
