Contact No.: 9469951802

## ABOUT HOST ORGANIZATION

**The Rajmata Vijayaraje Scindia Krishi Vishwavidyalaya, Gwalior (M.P.)** was established by Government of Madhya Pradesh Vide Ordinance No. 4 of 2008 notified in the Extraordinary Gazette No. 507 dated 19 August 2008 as second Agricultural University by bifurcating the JNKVV, Jabalpur. As per RVSKVV act (No. 4, year 2009), the horticulture and veterinary science & animal husbandry research activities are operated through five Zonal Agricultural Research Stations (Morena, Khargone, Jhabua, Indore and Sehore); four Regional Agricultural Research Stations (Gwalior, Mandsaur, Ujjain and Khandwa) and 4 special research stations (Entkhedi, Bagwai, Jaora and Badwah) having 22 All India Coordinated Research Projects and several adhoc projects to enhance the productivity and profitability of agriculture system. Transfer of technology is the part of extension activities carried out by 21 Krishi Vigyan Kendras. Therefore, the mission of university is to conduct education, research and extension activities for enhancing productivity, optimization of profit and sustainability of agricultural production system and improving rural livelihood in Madhya Pradesh.

**National Agriculture Development Co-operative Ltd. (NADCL)** was established under Self Reliant Co-operative Act, 1999: under Ministry of Cooperatives with a mission to promote, disseminate and mutual exchange of scientific information on Agricultural Science among the scientific diaspora and stakeholders. The NADCL was primarily established to serve as a bridge for communication between agriculture scientists, extension workers and farmers. Blending of the influences of these three brings an effective result in the doubling of farmer's income. In this context NADCL already organized a number of awareness programs, international conferences and national training courses; individually as well as in collaboration with State Agriculture Universities and also with various institutes of ICAR.

### Background

Teaching Learning Evaluation Technology Programme (TLETP) is the process of providing professional training and coaching to faculty members to help them improve their work performance in teaching, learning and evaluation. So that participants may learn more about traditional versus digital assessment methods of teaching, learning and evaluation. TLETP helps to ensure consistent quality in the lab and classroom, which leads to happy students and field officials who get the most out of their learning experiences, because cultivating a culture of continual learning will benefit all aspects of any institution.

In context of the above, this 21 Days National Teaching Learning Evaluation Technology Programme (NTLETP-2023) will connect the institutional/organizational culture with our faculty development culture. Conduct a need-based assessment to establish relevant program outcomes. Solicit timely and effective feedback. Design and implement a variety of programs to meet diverse needs of faculty members, scientists, research scholars, officers of development departments as well as field officials/extension workers particularly in agriculture, horticulture, forestry, fisheries, veterinary and animal husbandry areas.

### Resource Persons

The experts from ICAR Institutes, State Agriculture Universities as well as Central Universities will cover relevant topics through lectures, audio – video presentations, and group discussion. The details of the lectures and their schedule will be given separately.

**Participants & Eligibility:** This teaching learning evaluation technology programme (NTLETP 2023) is open to scientists, teachers, research scholars, KVK subject matter specialists, field professionals, PG/Ph.D. students as well as academicians.

### Important Date:

Last date for receipt of application form:	01-04-2023
Intimation of selection:	03-04-2023
Confirmation about participation:	03-04-2023
Commencement of programme:	05-04-2023

**Venue:** The teaching learning evaluation technology programme (NTLETP 2023) will be organized through virtual lecture/class (Online Mode).

### **Requirement for Training:**

The aspirants should be proficient in the following:

- Basic computer skills.
- Sending/receiving email
- Sending and receiving attachments via email.
- Using a web browser.
- Finding web resources through search engines.
- Downloading and installing software and/or viewing electronic files.
- Familiarity with using browser plug-ins (e.g., PDF reader, video, audio).
- Using word processing, presentation software, or other productivity applications.
- Experience/familiarity with a variety of file formats such as: .rtf "Rich Text Format", .doc or .docx "Microsoft Word Document", and .txt "Text document".
- The ability to be self-directed in learning new technology skills (for example, following a handout, a step-by-step tutorial, online video help, or access to support to learn necessary skills).

### **Mode of Participation:**

The programme will be organized in 4 quadrants i.e.,

1. Lecture through video conference,
2. Preparing delivered material that can be downloaded /printed,
3. Self-assessment tests through google classroom assignment/tests/quizzes,
4. An online discussion forum for clearing doubts.

The above cited steps have to be taken to enrich the learning experience by using audio-video and multi-media state of art pedagogy/technology. In order to ensure that best quality content lecture is delivered, course director and his coordinators will monitor the whole technology programme.
