

• REGISTRATION FORM •

1. Name ( Ms./Mr./Dr.) .....
2. Gender (F/M) : .....
3. Designation.....
4. Organization with full Address: .....
- City:..... State.....
- ..... Mobile:.....
- Fax/Office No.....
6. Details of travel plan:

Details	Arrival	Departure
Date of Journey		
Time		
Flight/Train No.		

7. Accommodation required: Yes / No
8. Name (s) of accompanying person
- 1.....
- 2.....
9. Details of registration fee:
- Cash /RTGS /Cheque/DD
- (in favour of National Seed Congress 2022 payable at Gwalior)
- DD/Cheque .....
- Dated.....

Payment can be done by QR Code :

Name of Bank: CANARA  
 Account no. 120001285568  
 Type of account: Current  
 IFSC: CNRB0000295

**Chief Patrons :**

1. Dr. Trilochan Mohapatra, Secretary, DARE and DG, ICAR, New Delhi
2. Sh. Manoj Ahuja, Secretary, DAC&FW, GoI, New Delhi

**Patrons :**

1. Shri Iqbal Singh Bains, Chief Secretary, Govt. of M.P.
2. Dr. Abhilaksh Likhri, Additional Secretary, DAC & FW, GoI, New Delhi
3. Sh. Shalendra Singh, Agriculture Production Commissioner, Department of Farmer Welfare & Agriculture Development, Bhopal, Govt of M.P.
4. Dr. Ajit Kosari, Additional Chief Secretary, Department of Farmer Welfare & Agriculture Development Bhopal Govt of MP
5. Sh. Ashwani Kumar, Joint Secretary (Seeds), DAC & FW, GoI, New Delhi
6. Shri Vikas Narwal, Managing Director, M.P. Seeds, Bhopal & M.P. State Agriculture Marketing Board.
7. Ms. Preeti Maithil, Director, Farmer Welfare & Agriculture Development & Corporative, Bhopal, M.P.
8. Keshavulu Kunusoth, ISTA Vice President, Switzerland

**11<sup>th</sup> National Seed Congress**

**on  
 RECENT ADVANCES IN RESEARCH ON  
 QUALITY SEEDS FOR SELF SUFFICIENCY IN  
 OILSEEDS AND PULSES**

21<sup>st</sup> to 23<sup>rd</sup> August 2022

Organized by:  
**RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWA VIDYALAYA**  
 Gwalior- 474002 (M.P.), India

In Collaboration with:  
**National Seed Research & Training Center, Varanasi, (U.P.),**  
 Ministry of Agriculture & Farmers Welfare, Government of India

## • About National Seed Congress •

Seed plays a vital role in sustained growth and development of agriculture sector. Availability of quality seed in adequate quantities is of utmost importance to reap the dividends of modern crop varieties. Since the inception of formal seed sector in the country, ample progress has been made for quality seed production and to address the problems of seed industry, through technological backstopping in areas viz. seed production technologies, seed testing & certification, seed processing, seed storage, seed health etc. Even after the successful institution of 'Green Revolution' during 1960s, at present, the formal seed sector at large could able to contribute to 60 percent of total seed requirement. The significance of informal seed sector contributing to the 40 percent seed needs could not be ignored in the country with diverse agro-climatic regions and preferences. The ICAR is coordinating the biggest network for production of breeder and quality seed in the country i.e. AICRP on seed Crops. The contribution of various stakeholders of public and private sectors, seed cooperatives, NGOs, SHGs, FPOs, small scale entrepreneurs and farmers have made it possible to position the country among the top five global seed economies. The pro-active policy support by union and state governments and various seed developmental schemes implemented during the past, supplemented the growth of seed industry. Seed being the fundamental and yield enhancing input for successful agriculture, the demand for quality seed of improved varieties is growing fast and adaptability of new technologies by the farmers is happening at an astounding pace.

In order to meet the food and nutritional requirement of mass, the production and supply of high-quality seed of improved varieties to the farmers is high priority in agricultural sector. The growth of Indian seed industry is phenomenal and our country is among the few countries where the seed sector is already reasonably advanced. India is importing about 60 percent of its total edible oil consumption, resulting in huge burden on foreign currency reserves. The launch of 'Pulses Seed hub' programme by GoI have augmented the quality seed availability and aided the country to achieve self-sufficiency in pulses. Similarly, to achieve the self-sufficiency in the oilseeds production, GoI launched 'Oilseeds Hub' during 2018-19. In addition to quality seed availability, for holistic development of seed industry, adequate technical backstopping in the arena of production, quality assurance, storage, seed

quality enhancement and seed health are indispensable. The seed science in the country has undergone many scientific advancements and developed technologies especially for seed quality management, storage technologies, seed treatment technologies for improved seed delivery etc. This "National Seed Congress" will provide a forum to review the progress made in seed science and technology, issues related to production of high quality seeds, processing, testing, certification, quality control, seed policies and regulations, variety release and registration, seed quality management in seed multiplication systems, seed storage, marketing and distribution, field and laboratory techniques in seed quality assurance and seed business management with emphasis on oilseeds and pulses.

### About the Venue:

The Rajmata Vijayaraje Scindia Agriculture University (RVSKVV), Gwalior was established by Govt. of Madhya Pradesh on 19th August, 2008. The University has grown into a diverse innovative institution of higher education, pursuing excellence in the fields of teaching, research and extension in agricultural sciences. Over the years, the University has sought to make a major contribution to improve the quality of human life in the region through its research-led engagement in agricultural, environmental and green issues, and a host of other modern-day challenges including the production of quality seed and genuine planting material.

### Gwalior Climate during Congress:

The weather of Gwalior in August is having temperature between 28-30°C and moderate rains.

### Call for papers and abstract:

Along with eminent speakers, the organizers invite lead papers/ abstract from interested participants engaged in research, development, marketing, expert organizations and industries representing seed sector. A screening committee will evaluate the submitted papers and those selected will be provided the opportunity for presentation. Participants are requested to send abstract of their papers to organizers by E-mail.

### Theme of National Seed Congress:

The major focus of the seed congress should be on the theme of the event

### RECENT ADVANCES IN RESEARCH ON QUALITY SEED FOR SELF SUFFICIENCY IN OILSEEDS AND PULSES.

Further Paper can cover any of the sub-themes decided for the event:

#### Sub-themes:

1. Genetic resource management, maintenance and protection
2. Crop diversification and utilization of rice fallows for quality seed production
3. Innovative cropping systems and seed production technologies
4. Development, validation and management of seed systems
5. Innovative approaches in seed quality assurance
6. Maintenance of seed quality during storage

7. Seed quality enhancement for improved seed delivery
8. Recent advancements in seed health management
9. Institution of effective partnerships for augmenting seed availability
10. Seed industry challenges and remedies
11. Role of seed extension system and farmers expectation.
12. Seed developmental schemes, policy and regulatory issues

### Invited Lead Papers:

Organizers will identify eminent speakers to contemplate upon the major topics related to the theme of the congress i.e. 'RECENT ADVANCES IN RESEARCH ON QUALITY SEED FOR SELF SUFFICIENCY IN OILSEEDS AND PULSES'. The time allotted for each lead paper will be 20 minutes.

### Guidelines for Abstract:

Abstract must be limited to 500 words including the major points of the paper. The abstract should be in MS Word file format having font style Times New Roman, Size 12, Spacing 1.5.

Please include your complete details (i.e. Name, Designation, Organization, Address, Contact Number, and Email Id) in the abstract.

Submit the abstract on the following Email address:

nsc2022rvskvv@gmail.com

Papers will be selected on the basis of abstracts for final presentation (oral or poster) during the event. Selected Participants will be communicated by the screening committee.

Last date for submission of abstract: 30 July 2022

### Specific Guidelines for Oral Presentation

A limited number of participants will be provided an opportunity for presentation which is of mass interest and relevant to the sub themes of the seed congress. The selected participants will have to present their papers within a time limit of 15 minutes. Remaining participants will be requested for poster presentation and will be informed about the same by screening committee after evaluating the abstracts.

### Specific Guidelines for Poster Presentation

**Size:** The standard poster size for the National Seed Congress is 36 inches high and 30 inches wide.

**Set up:** Participants shall mount their own posters at the venue. (Display Board other required facilities will be provided at the venue.)

### Awards

The oral/poster presentations will be evaluated by the jury of eminent scientists. Best oral/poster presentations will be awarded in the valedictory session of the programme.

### Sponsorship and Advertisements:

For sponsorship & publication in souvenir please contact  
nsc2022rvskvv@gmail.com

### Advertisement:-

Front Cover (Inner page)	Back cover (Inner Page)	Back cover (Outer Page)	In Between Pages
100000/-	50000/-	75000/-	25000/-

### Accommodation:

The conference venue is located at the heart of the Gwalior city. A wide range of hotels are available within short distance from the conference venue. First-time visitors may find more convenient to stay at the hotels which are within reasonable distance from the conference venue. The tariff varies from Rs. 1250 to 8000 per room.

### About Host City:

Gwalior is a city in the central Indian state of Madhya Pradesh. It's known for its palaces and temples, including Sahatrabahu temple an intricately carved Hindu temple. Ancient Gwalior fort occupies a sandstone plateau overlooking the city and is accessed via a winding road lined with sacred Jain statues. Within the fort is the 15th-century Gujari Mahal Palace, now an archaeological museum. Scindia palace, Sun temple and many more tourist attractions are worth visiting.

### Registration Fee:

Categories	Fee per person (Rs.)
Scientists and Govt. Officials	4000/-
Industry and Private organization	12000/-
RA/SRF and Research Scholars	2000/-
Students	1000/-
Accompanying Persons	3000/-

### Important Dates:

Submission of abstract	: 30 July 2022
Acceptance of abstract	: 05 August 2022
Submission of full-length paper upto	: 30 July 2022
Last date of registration	: 12 August 2022

### Registration Form:

To be mailed at : nsc2022rvskvv@gmail.com

Delegate's Purpose : Rapporteur  Oral  Poster   
Participation  Sponsor  Invitee
